### Trouble Broke Out When City Clerk Refused to Recognize Receipt of City Treasurer Dorian for License Money.

When Attorney Dennis McQuot presented a receipt from City Treasurer J. J. Dorian to City Clerk Maurice McIntyre and asked for his attorney's license, Mr. McIntyre refused to grant it on the ground that City Solicitor James Campbell, Jr., had advised him to recognize George W. Walters as city treasurer. That precipitated the legal scrap over the office of city treasurer, and tomorrow Mr. Dorian, through his attorneys, Crice & Ross, will apply for a restraining order to prevent Mr. Walters from interfering with the office of city treasurer. The finance committee of the general council last night passed Mr. Dorian's salary, on condition that indemnity bond be furnished, as before.

In the office with Mr. McIntyre was Mr. Walters, claiming that he is the only real, almon pure city treasurer; also Robert Hicks, who says no valid election was held to choose his successor as city license inspector; also Ed Hulshard, who says there was a valid election held, and he was elected. Some lawyers will get a dip into that controversy tomorrow also. Charles Bell, market master, has made no contest with John Clark, elected to succeed him. Dr. Harry Williamson has decided not to relinquish the office of city physician to Dr. W. J. Bass.

The Treasurer'ship.

The contest for the city treasurer-ship is the most interesting. Mr. Dorian was elected in 1907 to suc-

### Retail License

Some retail merchants are still talking about the license ordinance that was passed by the general council, and went into effect today taking the licenses of the merchants. A meeting of the Retail Merchants' association will be held January 6, when the feasibility of carrying it into the courts will be discussed. The merchants make their contention that it is discriminating saying that the city has no right to charge one retail merchant \$15 a year and charging another retail merchant, selling a different line of goods, a higher license. The merchants' association has money in the treasury and one member expressed himself as willing to spend the money to fight the new ordinance.

### Baltimore Fire

Baltimore, Jan. 1.—Fire raged four hours along the water front this morning, doing immense damage. The flames rose 100 feet in the air and destroyed wharves and shipping. There is no estimate of the loss, but it is heavy.

## MAGISTRATE LIGGETT UNITED 184 COUP-LES AT METROPOLIS, ILL. LAST YEAR

Metropolis, Ill., Jan. 1. (Spe-—Magistrate Thomas Liggett, the "marrying quire," meets the bachelors from Kentucky, united 184 couples during the year 1908, bringing his since 1832 to 1,311 marriages for the year and Illinois.

### Revenue Report.

December was a big business in issuing revenue stamps, as the Christmas trade with the liquor dealers was astonishing. The business in December was almost double that of November. The collections were \$14,815.64, and 497 stamps were issued. During the year \$125,584.25 was collected.

### City Buyer Resigns

City Buyer Ed Miller has resigned effective today. At the mayor's office it was said the resignation has been accepted.

## FIRE LOSSES FOR YEAR WERE SMALL, THOUGH NUMEROUS

### Fell Off Half Compared With 1907, But Fires Were More Frequent.

#### Records Made by Several Companies of Department.

#### IVERSIDE HOSPITAL REPORT

In his annual report Fire Chief James J. Wood gives some interesting figures, concerning the damage by fire during the last year. Despite the fact there were more fires in 1908 than in 1907 the loss is only half. Many of the fires last year were during the drought, but the dryness made even the small fire more dangerous, as frame buildings burned like tinder. The total loss on buildings for 1908 was \$49,690, while during 1907 the loss was \$81,560. The loss and insurance is: Loss on buildings—\$25,455; insurance on buildings—\$146,450. Loss on stocks—\$24,285; insurance on stocks—\$150,700; loss on buildings not insured—\$3,467.65; loss on stocks not insured—\$3,700.

The complete record of each fire company is kept, and proves interesting reading. The No. 1 hose company worked 93 hours; ran 99 miles; laid 17,250 feet of hose; used 380 gallons of chemicals. The aerial ladder company, No. 1, raised 622 feet of ladders. The No. 2 hose company worked 54 hours; traveled 48 miles; laid 10,700 feet of hose; raised 100 feet of ladders and used 250 gallons of chemicals. The No. 1 engine company worked 24 hours; traveled 8 miles; used 50 bushels of coal. The No. 3 hose company laid 16,350 feet of hose; worked 88 hours; used 450 gallons of chemicals; traveled 73 miles. The No. 2 truck company worked 107 hours; traveled 154 miles; raised 860 feet of ladders; used 500 gallons of chemicals. The No. 4 hose company worked 60 hours; laid 10,700 feet of hose and traveled 64 miles.

Last year 196 alarms were answered by the department against the record of 153 in 1907. The records of the companies are: Hose company No. 1 answered 59 first and 8 second; the aerial truck answered 31 first alarms; the No. 2 hose company answered 60 first and 5 second; the No. 3 hose company answered 93 first, 3 second, 12 all in alarms and 5 still; the No. 2 truck company answered 86 first and 4 second alarms.

In his recommendation Chief Wood urges that a new central station be erected as the station on North Fourth street is situated inconveniently, and is declared unhealthful. Chief Wood declares in his report that the men are sick one-third of the time while on duty.

### Riverside Hospital

December was the lightest month for sickness in the city since the establishment of the Riverside hospital. All of the doctors speak of the unusual healthfulness of the city. At Riverside hospital there are but four patients, all city patients, and the sickness is not serious. The report for the month is: Private patients December 1—8; city patients December 1—4; city patients received—7; private patients received—16; city patients treated—11; private patients treated—24; patients discharged—11; births, city—1; deaths, city—2; deaths, private—1; city patients January 1—4; private patients January 1—0.

### Negroes Warned

Jackson, Tenn., Jan. 1.—A letter signed "Tennessee Night Riders," was sent to a local newspaper, warning negroes they won't be permitted to own land. Levi Champion, a negro, was notified not to occupy a farm he recently bought. It declares ownership is not the negro's place and won't be tolerated.

### Exall Funeral

A telegram was received today by Mr. Joseph K. Exall from his father, Mr. George B. Exall, stating that he would arrive on the noon train Saturday from Houston, Texas, with the body of his sister, Miss Charlotte Exall. The body will be taken direct from the station to Oak Grove cemetery for burial, the funeral services having been held with the family in Houston. The Rev. M. E. Dodd, of the First Baptist church, will conduct the services.

## Parents Kill Their Children to Save Them from Suffering Pangs of Starvation in Southern Italy

### Ambassador Griscom Reports That One Town, Where Americans Stay, Is Saved—Interior Torn Up.

Rome, Jan. 1.—An official dispatch from the torpedo boat says the Lipari Islands are safe. The buildings are badly damaged. It is believed there were few fatalities. The official statement says 300,000 persons are in an abject condition. The world must respond more liberally to relieve the sufferers. The government is planning the removal of all victims from the scene and intends to found new colonies where it will transport refugees. It is probable measures will be adopted forbidding residence in certain localities. Calabria is now practically a wilderness. Soldiers, traversing it, find it deserted except for occasional demented refugees. Every building was destroyed. The country is laid waste. Pilots discovered the bed of Messina strait has risen ten feet. It will require a new channel for navigation. Terrible scenes are enacted in the razed cities. Soldiers with bayonets guard the distribution of food to prevent refugees killing each other. Disease is spreading. Warships are bombarding Messina, where fires are again raging, as the only means of checking the flames. Ten thousand more soldiers were ordered to the region for rescue work.

Rome, Jan. 1.—There is no report from the torpedo boats sent to investigate the reports that Lipari Islands disappeared. The government discredits the report. If the islands were destroyed it will add 25,000 to the fatalities. Reports from the interior of Sicily show the destruction there was as great as on the coast. The whole topography is changed. The region which formerly was the richest in Italy, is torn up and changed to a desert. Terrible suffering among survivors continues. Food and medicines are wholly inadequate. Sufferers are dying by scores and hundreds of suicides are occurring among the sufferers, who abandoned hope. Many parents are killing their children to end their misery. The casualty list is steadily growing as more towns are reached.

### ALL HIT TWO LOST.

Naples, Jan. 1.—Two priests, who arrived from Sicily, say the whole town was engulfed by the tidal wave. They are the only survivors of a population of 7,500. The priests were swept to the sea and saved themselves by clinging to wreckage until boats rescued them. Sixty thousand refugees are here. Every ship and train is bringing hundreds. An appeal was received asking that 30,000 persons be sent to the ruined district.

### Thurmina Escaped.

Washington, Jan. 1.—Ambassador Griscom called the state department that Thurmina escaped the earthquake. It is known that many Americans were there and the government has been besieged with inquiries. This cable is regarded as good news. It is impossible to get information regarding Americans in other towns.

### Busy Caring for Refugees.

Rome, Jan. 1.—Estimates of the death roll of the earthquake now cease to concern the Italian people. Every effort is now being made to care for the living. Shiploads of fugitives have been carried out of the stricken zone to Naples, Palermo, Catania and other ports, and, according to the minister of marine, rescue vessels to the number of 36 are now centered in the Straits of Messina and 5,000 soldiers are being landed on the two coasts.

It has been decided by the government to send a fleet of immigrant steamers to transport the survivors to other places.

### Intermittent Shocks Felt.

Latest reports received at Rome state that there have been many intermittent shocks following the first to which the greater part of the destruction is attributed. The British warship Minerva reported by wireless to Malta that two severe shocks occurred at Messina last night.

Professor Ricco, director of the observatory at Mount Etna states that his instruments have recorded 42 distinct shocks after the first, but that during the last 14 hours they have been almost motionless. Etna and Stromboli are now quiet, and he is certain the earthquake was not of volcanic but geological origin, and is of that of 1783.

### FOR DIRECT PRIMARY.

Albany, N. Y., Jan. 1.—Governor Hughes was inaugurated for his second term. In his inaugural address he declared there must be amendments to the election laws to safeguard the ballot. It is understood this means Hughes will fight for the direct primary, which was defeated by the last legislature.

200,000, but the minister of marine still holds to 115,000.

Relief expeditions on the way to Reggio report that 18 provincial villages, besides those already mentioned in Calabria, as having been completely ruined. This would indicate that the earthquake did not confine its work of havoc to the coast.

What has become of the inhabitants in these villages is not known.

Coast Torn and Twisted.

The Calabrian coast for 30 miles has been torn and twisted, from Bagnara to Reggio, 25 miles, the country is half demoralized. Assistance has reached but a few villages and they are practically without supplies of any kind. At Bagnara surgical operations are being performed with pruning knives, but at Reggio even that is impossible.

Thieves infest the country and the despair of the unaided villages is complete. Hunger supplies the motive for scenes of shocking violence and pillagers and robbers defy the few surviving policemen and soldiers.

Numbers Will Die Yet.

The commander of Russian cruiser, Admiral Makharoff, which arrived at Naples yesterday with refugees from Messina, in his story of the disaster says:

"The city is literally nothing but a head of ruins. Every building has collapsed. It is impossible to give even a faint idea of the desolate scene. I estimate the deaths at Messina conservatively at 80,000. The mind shrinks from contemplation of the present condition in the stricken city; that there are thousands of persons still alive in the ruins, and that countless numbers must die."

The "Vita" states that a wireless message from the Straits of Messina reports that the La Parli Islands, a group of volcanic islands in the Mediterranean, near the coast of Sicily, have disappeared. The total population of the group is 28,000 and must inevitably have perished.

The minister of marine has rushed a torpedo boat to ascertain the facts.

Monks Escaped.

Rome, Jan. 1.—There are still numerous small villages in Calabria from which no news has been received. Many are inaccessible and it is feared that when reports do come they will swell the fatalities. Every fresh dispatch received is monotonous in its recital of death and desolation. It has been learned that the Capucine Monks at Reggio escaped.

### Engineers Meet

Engineer Ed T. King will leave tomorrow night for Chicago to represent Paducah division, Brotherhood of Locomotive Engineers, at the general board meeting, which will fix the scale and contract for the next two years. He will be gone 20 days.

## FIRST MATCH GAME OF CITY LEAGUE IS FRIDAY NIGHT

Next Friday it is planned to have the first basketball game in the city league between the four teams. Two games will be played, so that something may be stirring all the time for the spectators. While two teams are resting the other two teams will be playing a half, and this way the games will not drag, and the players will be given a rest between halves. The gymnasium has been leased for a month, and should sufficient interest be taken the promoters of the league will close a longer lease. Repairs will be made to the gym and everything is promised to be in shape for the opening of the season.

Work of preparing the schedule is going on, but Frank Davis, Sam Good and Harry

## NIGHT RIDERS OF BLACK PATCH AND THEIR OUTRAGES

### Committed Against Persons and Property During Year Just Past.

#### Soldiers Sent and Damages Awarded Victims.

#### SUMMARY OF TOBACCO WAR

As the season advances for tobacco deliveries, the time in which night rider activities are most numerous in the Black Patch, reports are coming of mysterious fires that destroy isolated barns, and in the Lamasco section of Lyon county tobacco cannot be safely delivered in daylight without the protection of troops. Little impression has been made on the sentiment in Caldwell county, and in many sections men may be seen riding into the tobacco towns with their shot guns by their sides.

Last year saw a great deal of activity. The first raid on Russellville took place January 8; then followed the whipping of John Heath, buyer, at Dawson Springs, January 25; the whipping of Henry Bennett and burning of his barn at Dycusburg, February 3; the burning of A. H. Cardin's warehouse at View February 10; the ordering of troops into the Black Patch February 13, and the whipping of 16 men, including the police magistrate at Eddyville, February 16; the raiding of Birmingham, Marshall county, March 19, the killing of two negroes and wounding of seven, and the exile of nearly every member of Marshall county; the burning of Vaughan Bennett's body, wearing a coat and scarf, in the road near Calloway, Tenn.; the warning of T. W. Luttrell, McCracken county road boss; the murder of Hiram Hedges, in Nicholas county, March 21; the burning of Richard Spain's home, in Calloway county, March 27; the raid of the home of Richard Minter, "foreman" of the Marshall county grand jury, March 31; the indictment of 11 night riders in Marshall county April 17; the arrival of Hiram Jackson and wife, Christian county refugees, in Paducah about April 4; the arrest of Joe Bell, alleged captain, in Murray with papers for prisoners' friends, April 10; the confession of Macon Chapman at Murray April 14; indictment of 60 in Calloway county April 15; verdict for \$35,000 given Robert Hollowell in federal court against Caldwell night riders May 13; second raid on Russellville June 2; sentencing of E. Chapman to one year for night riding in Marshall county June 27; Illinois Central stations at Cordell, Gracey and Otter Pond burned by night riders July 22; night riders and soldiers battle in front of Henry Bennett's home at Dycusburg July 28; John Danton shoots wife in Calloway county, mistaking her for a night rider; Captain Quentin Ranken killed by night riders at Reelfoot lake; John Prestin, alleged night rider, commits suicide in Lyon county; barn of John McDonald burned in Lyon county December 23; Ed Fox, alleged night rider, kills himself in Lyon county December 25; Ed Owen's barn burned in Calloway December 28.

Irvine, Ky., Jan. 1.—(Special.)—Beach Hargis was admitted to bail in the sum of \$2,000. John and Floyd Day, his uncles, went security.

### Hains Insane?

Flushing, La., Jan. 1.—During the recess until Monday the defense is preparing a 10,000 word hypothetical question for juries to prove Peter Hains' insanity. The court ruled that both defense and prosecution on the question before it may be asked. The defense believes it has clearly established Captain Hains' insanity and paved the way for Thornton's acquittal on the ground that he merely defended Peter after the shooting.

### Insurance Reduction

Today the five cents reduction on the \$100 worth of insurance was effected. The reduction was made by the Kentucky Tobacco Association.

## DISMISSED

NEGROES ARRESTED IN PADUCAH FOR MURDER

Could Not Be Held in Livingston County for Lack of Evidence.

Lee Gardner, Charles White and Hugh Jackson, all colored, charged with the murder of Henry Machen, colored, who was found dead under the Cumberland river bridge at Grand Rivers, were dismissed yesterday afternoon at Smithland, where the examining trial was held. Not enough evidence could be collected to connect the negroes with the crime. Marshal William McCullom, of Kuttawa, returned to his home last night, after attending the trial.

## News of Theatres

One of the season's best offerings will be "At the Old Cross Roads," which will be presented by Arthur C. Aiston's company at the Kentucky today, matinee and night. That this is decidedly one of the greatest favorites on tour is proven from the fact that this is the eighth annual tour of the play and the season bids fair to eclipse even the phenomenal business.

### "The Runaways" Are Still Running.

"The Runaways" first Casino engagement lasted for seven long months. Its hold upon New York play-goers was so firm, however, that since then it has been sent back to Broadway again and again, and while other and newer musical comedies were rising and falling, "The Runaways" has held its popularity undiminished. Its success outside of New York has been equally astonishing. It is now in its sixth season on tour, and its audiences everywhere are bigger and more enthusiastic than ever.

# TO SHIPPERS

Paducah, Ky., Dec. 30, 1908.

This company has adopted the uniform bill of lading recommended by the Interstate Commerce Commission June 27, 1908.

The uniform bill of lading will supersede all others excepting special forms provided for export traffic, cotton, whisky, tobacco and live stock contracts.

Attention is called to the fact that there are two sets of uniform bills of lading; one a negotiable or so-called, "order" bill of lading, the original colored yellow and the shipping order and memorandum, or, respectively, the duplicate and triplicate copies, colored blue, to be used for shipper's order shipments only; the other a non-negotiable form, colored white, to be used on direct consignments, not shippers' order. Care must be observed in the use of these forms.

Shippers will be permitted to use their present form of bill of lading until supply of same is exhausted by stamping on the face of same:

"Subject to the Terms and Conditions of the Uniform Bill of Lading."

New forms of bills of lading prepared by shippers after January 1, 1909, must conform in all respects to the uniform bill of lading.

Where classifications and tariffs provide that the rates therein contained apply subject to the uniform bill of lading conditions, shippers will have the option of shipping subject to common law liability, but in such case ten per cent will be added to the rates, with minimum increase of one cent per one hundred pounds, and the bill of lading must also contain the following clause to be signed by the agent:

"In consideration of the higher rate charged, the property herein described will be carried at the carrier's liability, limited only as provided by law, but subject to the terms and conditions of the uniform bill of lading in so far as they are not inconsistent with such common carrier's liability."

All bills of lading must be executed in ink or indelible pencil. The bill of lading and the memorandum of acknowledgment must be signed by both the shipper and the agent; the shipping order by the shipper only.

Numerals must not be used in stating the number of packages or articles, but the number of packages or articles must be written out in full; e. g., "one hundred and twenty-five barrels of flour," "five hundred bales of cotton," etc.

Shippers should provide themselves with rubber stamps with which to endorse on old bills of lading the clauses above described.

J. T. DONOVAN,  
Agent I. C. R. R. Co.

## CITY ORDINANCE

An ordinance amending an ordinance adopted by the Board of Councilmen of the city of Paducah, Kentucky, on the 17th day of April, 1908, and by the Board of Aldermen on the 23d day of April, 1908, and approved by the Mayor on the 30th day of May, 1908, entitled:

"AN ORDINANCE GRANTING THE PADUCAH NORTHERN RAILROAD, ITS SUCCESSORS AND ASSIGNS THE RIGHT TO CONSTRUCT AND MAINTAIN A RAILROAD TRACK OF STANDARD GAUGE IN THE CITY OF PADUCAH, KENTUCKY, AND OPERATE RAILROAD CARS THEREON FROM A POINT IN THE CITY LIMITS IN TWENTY-FIFTH STREET BETWEEN KENTUCKY AVENUE AND BROADWAY STREETS; THENCE IN A SOUTHEASTERLY DIRECTION TO THE UNION DEPOT IN THE SOUTHERN PART OF THE CITY OF PADUCAH; THENCE EASTWARDLY TO THIRD STREET; THENCE SOUTHWARDLY FROM THIRD STREET ACROSS PRIVATE PROPERTY AND ALONG MYERS STREET TO THE CITY LIMITS; AND NORTHWARDLY ALONG ALONG THIRD STREET TO NORTON STREET; THENCE OVER PRIVATE PROPERTY AND CROSSING INTERSECTING STREETS TO MAIDEN ALLEY; THENCE ALONG AND THROUGH MAIDEN ALLEY AND CROSSING INTERSECTING STREETS TO TRIMBLE STREET; THENCE OUT TRIMBLE STREET TO TENTH STREET AND THENCE OUT TENTH STREET AND CROSSING INTERSECTING STREETS TO THE CITY LIMITS AS MORE PARTICULARLY SET FORTH IN THE FOLLOWING DESCRIPTION:"

Be it ordained by the General Council of the city of Paducah, Kentucky that an ordinance entitled:

"An ordinance granting the Paducah Northern Railroad, its successors and assigns the right to construct and maintain a railroad track of standard gauge in the city of Paducah, Kentucky, and operate railroad cars thereon from a point in the city limits in Twenty-fifth street between Kentucky Avenue and Broadway streets; thence in a southeasterly direction to the Union depot in the southern part of the city of Paducah; thence eastwardly to Third street; thence southwardly from Third street across private property and along Myers street to the city limits; and northwardly along Third street to Norton street; thence over private property and crossing intersecting streets to Maiden Alley; thence along and through Maiden Alley and crossing intersecting streets to Trimble street; thence out Trimble street to Tenth street and thence out Tenth street and crossing intersecting streets to the city limits as more particularly set forth in the following

Be it further ordained that the said ordinance be amended so that it shall read as follows, to-wit:

"Sec. 16. The said company shall construct the road bed and tracks upon the right of way herein granted and operate trains thereon within thirty (30) months from the final passage of this ordinance, except that the second or (double) track between its connection with the tracks of the Paducah, Tennessee and Alabama railroad near the present Union Station and the west line of said city at the intersection of Twenty-fifth street may be constructed and in use at any time within

amended the section of said ordinance shall read as follows, to-wit:

"Sec. 16. The said company shall construct the road bed and tracks upon the right of way herein granted and operate trains thereon within thirty (30) months from the final passage of this ordinance, except that the second or (double) track between its connection with the tracks of the Paducah, Tennessee and Alabama railroad near the present Union Station and the west line of said city at the intersection of Twenty-fifth street may be constructed and in use at any time within

# START THE NEW YEAR RIGHT

Begin By Saving Now, While Our Clean-up Sale Affords  
Such an Excellent Opportunity

If you'd put your money in bank on time deposit, or if you'd loan it at highest rates of interest, it wouldn't earn half what it's in would bring if put into a Suit or Overcoat now. The reductions we're making net you 30 to 40 per cent on the investment. Best clothes are all new—just as good next year as this year. There are no better clothes made. It's our fixed policy of turning all stocks that causes us to make such unusual reductions rather than carry them over.
